Spotlight on Success!

March 12, 2005
10:00 a.m.-2:30 p.m.

**Palm Springs
Wyndham Hotel**

<http://www.cue.org>

Student Technology Showcase

As part of the Computer Using Educators (CUE) Conference, students in grades four through twelve will present exemplary curriculum-integrated technology projects that were identified through a regional selection process. These projects may include, but are not limited to, Web, video, animation, probe-ware, GIS/GPS, or robotics.

The Student Technology Showcase is an excellent staff development opportunity to see effective, meaningful integration of technology in the curriculum and to learn implementation strategies from the project creators. Showcase attendance is recommended for students, parents, educators, administrators, community members, policymakers, and high-tech and private-sector companies.

There is **no admission charge** to attend the Student Technology Showcase!

Student Presentations

To submit a student presentation proposal, please contact your local California Technology Assistance Project (CTAP) office. For CTAP contact information, please visit <http://ctap.k12.ca.us>

CTAP Regions by County

Region 1

Del Norte, Humboldt, Lake, Mendocino, Sonoma
